

Used Truck Center (UTC) Trailer Receiving Inspection

Task String
999-133-001

Perform an inspection on all vehicles within 48 hours of receiving at UTC (except those designated to be sold "As-Is"). Refer to Maintenance Operations Procedures 8.01 and 8.06.

Unit Number	Odometer Reading	Name of Out-Servicing Technician	Location Code	Date
Reefer Unit Hours Engine:	Reefer Unit Hours Total	Reefer Model	Trailer Model	
Remember The Maintenance Promise!				
Worksheet Codes: ✓ = Yes (OK as is) O = No (Follow-up needed) NA = Not Applicable				

Safety Alert: Chock wheels before inspection.

Instructions: If an Activity / Inspection Item requires follow-up (O), write the Weight number shown for that item in the Assessed Points column. Enter 0 (zero) Assessed Points if item passes. Add all Assessed Points and write the amount in TOTAL POINTS.

#	Activity / Inspection Item	✓ - O - NA		Weight	Assessed Points	Initial
		1 st Inspection	Final Inspection			
Road Ready Information Packet						
1	Is a copy of the "F" PM in the Road Ready packet, and is it fully completed?			10
